Milan, 5 March 2013. Following the press release published earlier today, Prysmian S.p.A. ("**Prysmian**" or the "**Company**") announces the completion of the placement (the "**Placement**") of EUR 300 million equity-linked bonds (the "**Bonds**").

The Bonds, with a nominal amount of EUR 100,000.00 each, shall be issued at par in the aggregate amount of EUR 300 million.

The Bonds will have a maturity of five years and will pay a coupon of 1.25 per cent. *per annum* payable semi-annually in arrear.

The initial price for the conversion of the bonds into ordinary shares of the Company shall be EUR 22.3146, representing a 33.75 per cent. premium above the volume weighted average price of Prysmian ordinary shares on the *Mercato Telematico Italiano* between launch and pricing.

"We have successfully completed an important transaction which allows us to improve our financial structure, optimise the cost of funding and extend the maturity of our debt", explains Pier Francesco Facchini, Prysmian's Chief Financial Officer. "The terms of the transaction are very competitive, confirming the strength that Prysmian's equity story maintaining also in a deeply uncertain macro-economic environment."

The Bonds may be converted into ordinary shares of the Company, subject to the approval by the Company's extraordinary general meeting, to be held no later than 31 July 2013 (the "**Long-stop Date**"), of a capital increase with exclusion of preferential subscription rights pursuant to article 2441, paragraph 5, of the Italian civil code to be reserved solely for the service of the conversion of the Bonds (the "**Capital Increase**"). After such approval, the Company shall issue a notice to the Bondholders (the "**Physical Settlement Notice**"). Under the terms of the Bonds, and following the date referred to in the Physical Settlement Notice, the Company shall settle any exercise of conversion rights in Prysmian ordinary shares issued pursuant to the Capital Increase or, at the Company's discretion, existing Prysmian ordinary shares held by the Company.

In the event the Capital Increase is not approved on or before the Long-stop Date, the Issuer may, within a limited period of time but no later than 10 dealing days after the Long-stop Date, give notice to the Bondholders (a "**Shareholder Event Notice**") and redeem all but not some only of the Bonds in cash at a premium (in addition to any accrued interest) as determined in accordance with the terms of the Bonds.

In the event that the Capital Increase is not approved and the Company does not publish a Shareholder Event Notice in accordance with the terms of the Bonds (and in certain limited circumstances prior to such date), each Bondholder may, in accordance with the terms of the Bonds, request the early redemption of their Bonds in cash. In such circumstances, the Company shall redeem the Bonds for a cash amount equal to the market value (determined in accordance with the terms of the Bonds) of the number of Prysmian ordinary shares that a holder would have been entitled to if such holder had been entitled to exercise a right to convert and receive Prysmian ordinary shares.

The Company has agreed not to place, in line with market practice, any further ordinary shares or certain related securities or enter into certain derivative transactions relating to ordinary shares (subject to certain customary exceptions) in the market for a lock-up period of 90 days.

An application will be made to admit the Bonds to trading on an internationally recognized, regularly operating, regulated or unregulated market no later than 31 July 2013.

The Bond issue will enable the Issuer to obtain greater diversification of financial sources through the sourcing of financial funds in the capital markets. Such resources will be applied to the optimisation of the financial structure and the cost of capital of the Company and for general corporate purposes.
