The Shareholders' Meeting voted the confirmation of the abovementioned Director on the basis of the Board of Directors' proposal, by majority vote, without slate voting mechanism. The curriculum vitae of Mr. Battaini can be consulted on the Company's website at www.prysmiangroup.com.

• authorized a treasury share buy-back and disposal programme and revocation of the previous authorisation under the shareholder resolution dated 16 April 2013. This programme provides the opportunity to purchase, on one or more occasions, a maximum number of ordinary shares whose total cannot exceed 10% of share capital, equal to 18,420,002 ordinary shares as at today's date, after deducting the treasury shares already held by the Company. Purchases may not exceed the amount of undistributed earnings and available reserves reported in the most recently approved annual financial statements. The authorization to buy back treasury shares will last for 18 months commencing from today's date. The authorization to dispose of treasury shares has no time limit. The authorization to buy back and dispose of treasury shares is being sought to give the Company authority that can be exercised:

  - in order to use the treasury shares purchased to service the exercise of rights arising from convertible debt instruments or instruments exchangeable with financial instruments issued by the Company, its subsidiaries or by third parties (for example, in frameworks of takeover bids or exchange tender offers);
  - to dispose of treasury shares to satisfy stock option plans reserved for the Group's directors and employees;
  - to allow efficient management of the Company's capital, by creating an investment opportunity even for its available liquidity.
Treasury shares will be bought back and sold in accordance with applicable laws and regulations:
  (i) at a minimum price no more than 10% below the stock's official price reported in the trading session on the day before carrying out each individual transaction;
  (ii) at a maximum price no more than 10% above the stock's official price reported in the trading session on the day before carrying out each individual transaction.

The reasons behind the introduction of the Plan are:
